*Office Memorandum* • UNITED STATES GOVERNMENT

TO : Chief, Plans and Programs Staff

DATE: 28 July 1953

25X1

FROM : 

SUBJECT: Proposed Basic Patterns for TR(S) Courses

1. Attached hereto are four charts which illustrate various possibilities in the phasing of TR(S) training courses. These possibilities envision two or three eventualities which may arise and which will affect the phasing of the courses. Each chart is introduced by the number of weeks in its cycle, and by the assumptions made in designing it.

2. The charts are preceded by a general explanation of the phasing design kept in mind, the flow necessary from one course to another, and the necessity of changes in a strict pattern.
